Coast Guard

33 CFR Part 165

[Docket No. USCG-2013-0362]

RIN 1625-AA00

Eleventh Coast Guard District Annual Fireworks Events

AGENCY: Coast Guard, DHS.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard proposes to amend several permanent safety zones located in the Eleventh Coast Guard District that are established to protect public safety during annual firework displays. These amendments will standardize the safety zone language, update listed events, delete events that are no longer occurring, add new annual fireworks events, and establish a standardized format using a table to list these recurring annual fireworks events. When these safety zones are activated, and thus subject to enforcement, this rule would limit the movement of vessels within the established firework display area.

DATES: Comments and related material must be received by the Coast Guard on or before **[INSERT DATE 30 DAYS AFTER DATE OF PUBLICATION IN THE FEDERAL REGISTER]**. Requests for public meetings must be received by the Coast Guard on or before **[INSERT**

DATE 14 DAYS AFTER DATE OF PUBLICATION IN THE FEDERAL REGISTER].

ADDRESSES: You may submit comments identified by docket number USCG-2013-0362 using any one of the following methods:

(1) Federal eRulemaking Portal:

<http://www.regulations.gov>.

(2) Fax: 202-493-2251.

(3) Mail or Delivery: Docket Management Facility (M-30), U.S. Department of Transportation, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE, Washington, DC 20590-0001. Deliveries accepted between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The telephone number is 202-366-9329. To avoid duplication, please use only one of these three methods.

See the "Public Participation and Request for Comments" portion of the **SUPPLEMENTARY INFORMATION** section below for instructions on submitting comments.

FOR FURTHER INFORMATION CONTACT:

If you have questions on this proposed rule, call or e-mail LTJG Blake Morris, Eleventh Coast Guard District Prevention Division, Waterways Management Branch, U.S. Coast Guard; telephone 510-437-3801, e-mail Blake.J.Morris@uscg.mil. SUPPLEMENTARY INFORMATION:

A. Public Participation and Request for Comments

We encourage you to participate in this rulemaking by submitting comments and related materials. All comments received will be posted without change to <http://www.regulations.gov> and will include any personal information you have provided.

1. Submitting comments

If you submit a comment, please include the docket number for this rulemaking (USCG-2013-0362), indicate the specific section of this document to which each comment applies, and provide a reason for each suggestion or recommendation. You may submit your comments and material online at <http://www.regulations.gov>, or by fax, mail, or hand delivery, but please use only one of these means. If you submit a comment online, it will be considered received by the Coast Guard when you successfully transmit the comment. If you fax, hand deliver, or mail your comment, it will be considered as having been received by the Coast Guard when it is received at the Docket Management Facility. We recommend that you include your name and a mailing address, an e-mail address, or a telephone number in the body of your document so that we can contact you if we have questions regarding your submission.

To submit your comment online, go to <http://www.regulations.gov>, type the docket number "USCG-2013-0362" in the "SEARCH" box and click "SEARCH." Click on "Submit a Comment" on the line associated with this rulemaking.

If you submit your comments by mail or hand delivery, submit them in an unbound format, no larger than 8½ by 11 inches, suitable for copying and electronic filing. If you submit comments by mail and would like to know that they reached the Facility, please enclose a stamped, self-addressed postcard or envelope. We will consider all comments and material received during the comment period and may change the rule based on your comments.

2. Viewing comments and documents

To view comments, as well as documents mentioned in this preamble as being available in the docket, go to <http://www.regulations.gov>, type the docket number "USCG-2013-0362" in the "SEARCH" box and click "SEARCH." You may also visit the Docket Management Facility in Room W12-140 on the ground floor of the Department of Transportation West Building, 1200 New Jersey Avenue SE, Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

3. Privacy Act

Anyone can search the electronic form of comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review a Privacy Act notice regarding our public dockets in the January 17, 2008, issue of the Federal Register (73 FR 3316).

4. Public meeting

We do not now plan to hold a public meeting. But you may submit a request for one using one of the four methods specified under **ADDRESSES**. In your request, please explain why you believe a public meeting would be beneficial. If we determine that a public meeting would aid this rulemaking, we will hold one at a time and place announced by a later notice in the Federal Register.

B. Basis and Purpose

The Coast Guard is conducting this rulemaking under the authority of 33 U.S.C. 1231.

Fireworks displays are held annually on a recurring basis on the navigable waters within the Eleventh Coast Guard District. Many of the annual fireworks events that require safety zones do not currently reflect some of the required information pertinent to the events such as the dates of the events and other required information that is described below. These safety zones are necessary to provide for the safety of the crew, spectators, participants of the event, participating vessels, and other users and vessels of the waterway from the hazards associated with firework displays. This proposed rule will also provide the public current information on safety zone locations, size, and length of time the zones will be active.

The effect of these proposed safety zones will be to restrict general navigation in the vicinity of the events, from the start of each event until the conclusion of that event.

Except for persons or vessels authorized by the Coast Guard Patrol Commander, no person or vessel may enter or remain in the regulated area. These regulations are needed to keep spectators and vessels a safe distance away from the fireworks displays to ensure the safety of participants, spectators, and transiting vessels.

C. Discussion of Proposed Rule

The Coast Guard has reviewed 33 CFR 165 sections 1123, 1124, and 1191 for accuracy. The Coast Guard is proposing to amend Table 1 in sections 1123, 1124, and 1191 of Title 33 CFR as follows: existing events are being updated with current information; unlisted events are being added; and listed events that the Coast Guard has been unable to verify as still in existence are being deleted.

The Coast Guard proposes to update the annual fireworks events for the San Diego Captain of the Port zone listed in 33 CFR 165 section 1123 as follows: 4 events require updating to reflect current sponsor information and event location. These events are the "San Diego CA POPS Fireworks Display", "Fourth of July Fireworks, Mission Bay", "Coronado Glorietta Bay Fourth of July Fireworks", and "San Diego Parade of Lights Fireworks Display." Through this rulemaking, three new safety zones are being proposed for the following events. The first proposed safety zone is for the "Big Bay Boom Fourth of July Fireworks" event occurring one evening during the first week of July in San

Diego Bay. This event requires four 1,000 foot radius safety zones around barges located at Shelter Island, Harbor Island, Embarcadero, and Seaport Village. The second proposed safety zone is for the "MIDWAY Fireworks" event occurring on various evenings throughout the year on the USS MIDWAY in San Diego Bay. The proposed safety zone will be 800 feet in radius around a barge located immediately to the west of the USS MIDWAY at approximately 32 42'46"N, 117 10'47"W. The third proposed safety zone is for the "Sea World Fireworks" event in Mission Bay occurring nightly between Memorial Day and Labor Day, and on approximately 10 evenings between Labor Day and Memorial Day. The safety zone at Sea World, Mission Bay, will be 800 feet in radius around a barge located at approximately 32 46'03"N, 117 13'11"W. Sea World Fireworks events will also be scheduled between Thanksgiving and New Year's Day as conditions allow.

The Coast Guard also proposes to update the annual fireworks events listed in 33 CFR 165 section 1124 within the San Diego Captain of the Port zone for the Colorado River, between Davis Dam (Bullhead City, AZ) and Headgate Dam (Parker, AZ) as follows: 4 events require updating with current sponsor information and event locations. These events are the "Avi Resort & Casino Memorial Day Fireworks", "Laughlin/Bullhead City Rockets Over the River Fireworks", "Avi Resort & Casino Independence Day Fireworks", and the "Avi Resort & Casino Labor Day Fireworks." Through this rulemaking, two new safety zones are proposed for

the following events. The first proposed safety zone is for the "Colorado Belle & Edgewater Hotel/Casino Thanksgiving Fireworks" event occurring in the lower Colorado River at Laughlin, NV. The proposed safety zone will encompass the following coordinates: 35 09'51"N, 114 34'08"W; 35 09'53"N, 114 34'15"W along the shoreline to 35 09'31"N, 114 34'17"W; 35 09'33"N, 114 34'08"W along the shoreline to 35 09'51"N, 114 34'08"W. The second proposed safety zone is for the "Colorado Belle & Edgewater Hotel/Casino New Years Eve Fireworks" event occurring on the lower Colorado River at Laughlin, NV. The proposed safety zone will encompass the following coordinates: 35 09'51"N, 114 34'08"W; 35 09'53"N, 114 34'15"W along the shoreline to 35 09'31"N, 114 34'18"W; 35 09'33"N, 114 34'08"W along the shoreline to 35 09'51"N, 114 34'08"W.

The Coast Guard also proposes to update the annual fireworks events listed in 33 CFR 165 section 1191 within the San Francisco Captain of the Port zone for the Northern California and Lake Tahoe Area as follows: 14 events require updating to reflect current sponsor information and event location. The Coast Guard proposes to update the following 14 numerically listed events in Table 1 of this section: (1), (4), (5), (6), (7), (9), (11), (13), (14), (15), (16), (20), (24), (25). Through this rulemaking, two new safety zones are proposed for the following events. The first proposed safety zone is for the "Jameson Beach Fourth of July Fireworks" event, occurring at South Lake Tahoe

near Jameson Beach. This proposed safety zone will be 560 feet in radius around the fireworks barge. The second proposed safety zone is for the "Feast of Lanterns Fireworks" event, occurring on the last Saturday in July near Lovers Point Park in Pacific Grove. This proposed safety zone will be 490 feet in radius around the launch platform located on the beach at approximately 36°37'26"N, 121°54'54"W. Finally, the Coast Guard is proposing to delete three safety zones for events that no longer take place within the San Francisco Captain of the Port zone. Those three events are: the "Fourth of July Fireworks, City of Monterey", the "Jack London Square Fourth of July Fireworks", and the "Independence Day Celebration, City of Stockton."

D. Regulatory Analyses

We developed this proposed rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes or executive orders.

1. Regulatory Planning and Review

This proposed rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, as supplemented by Executive Order 13563, Improving Regulation and Regulatory Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of Executive Order 12866 or under section 1 of Executive Order 13563. The Office of Management and Budget has not reviewed it

under those Orders. Since the proposed safety zones are limited and temporary in nature, they do not constitute a significant regulatory action.

2. Impact on Small Entities

The Regulatory Flexibility Act of 1980 (RFA), 5 U.S.C. 601-612, as amended, requires federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule would not have a significant economic impact on a substantial number of small entities.

We expect this proposed rule may affect owners and operators of vessels, some of which may be small entities, intending to fish, sightsee, transit, or anchor in the waters affected by these proposed safety zones. This proposed rule will not have a significant economic impact on a substantial number of small entities for several reasons: small vessel traffic will be able to pass safely around the area and vessels engaged in event activities, sightseeing and commercial fishing have ample space outside of the area governed by the proposed safety zones to engage in these activities. Small entities and the maritime public will be advised of the activation of the proposed safety

zones via public notice to mariners or notice of implementation published in the Federal Register.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this rule would have a significant economic impact on it, please submit a comment (see **ADDRESSES**) explaining why you think it qualifies and how and to what degree this rulemaking would economically affect it.

3. Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Public Law 104-121), we want to assist small entities in understanding this proposed rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT**, above. The Coast Guard will not retaliate against small entities that question or complain about this proposed rule or any policy or action of the Coast Guard.

4. Collection of Information

This proposed rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520.).

5. Federalism

A rule has implications for federalism under Executive Order

13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this proposed rule under that Order and determined that this rulemaking does not have implications for federalism.

6. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **"FOR FURTHER INFORMATION CONTACT"** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

7. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531-1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this proposed rule would not result in such an expenditure, we do discuss the effects of this rulemaking elsewhere in this preamble.

8. Taking of Private Property

This proposed rule would not cause a taking of private property or otherwise have taking implications under Executive

Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

9. Civil Justice Reform

This proposed rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

10. Protection of Children from Environmental Health Risks

We have analyzed this proposed rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rulemaking would not be an economically significant rule and would not create an environmental risk to health or risk to safety that might disproportionately affect children.

11. Indian Tribal Governments

This proposed rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it would not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

12. Energy Effects

This proposed rule is not a "significant energy action" under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use.

13. Technical Standards

This proposed rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

14. Environment

We have analyzed this proposed rule under Department of Homeland Security Management Directive 023-01 and Commandant Instruction M16475.1D, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321-4370f), and have made a preliminary determination that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This proposed rule involves establishing, updating, or removing temporary safety zones for fireworks displays. The fireworks are launched from navigable waters of the United States and may have potential for negative impact on the safety or other interest of waterway users and near shore activities in the event area. The activities include fireworks launched from barges near the shoreline that generally rely on the use of navigable waters as a safety buffer to protect the public from fireworks fallouts and premature detonations. This rulemaking is categorically excluded from further review under paragraph 34(g) of Figure 2-1 of the Commandant Instruction. A preliminary environmental analysis checklist supporting this determination is available in the docket where indicated under

ADDRESSES. We seek any comments or information that may lead to the discovery of a significant environmental impact from this proposed rule.
